AMINO ACIDS & FINASTERIDE GEL

Amino acids information

According to recent studies at the Oxford University the following vitamin cure with amino acids should help the battle against hair loss. This vitamin cure needs to be taken during at least 10 months to notice effectiveness, all ingredients should be available at your local pharmacist. If he might not have them in stock, we could always contact our Italian pharmacist in Milan, Italy to ask whether he could get in touch with you concerning the order.

Both formulas (1 & 2) are prepared into 2 separate tablets which need to be taken 1 or 2 times per day.

First tablet must contain:

Formula 1

L-Carnitine (800 mg)
Potassium nitrate (190 mg)
Niacin (40 mg)

Second tablet must contain:

Formula 2

Valine (75 mg)
Leucine (150 mg)
Isoleucine (75 mg)

Finasteride gel

The Finasteride gel could only be ordered from our Italian pharmacist in Italy. We could prepare and send a signed prescription directly to Dr. Castiglioni in Milan, Italy. He will then contact you per e-mail to concur about your preferred supply. Afterwards, he will send you an invoice which you need to pre-pay before they ship you the package. The gel costs 52€/month excl. shipping costs. More information about finasteride gel could be found on <http://www.hairlosscure2020.com/intro/>
